

HEAMAR COMPANY

DAYLIGHT LAMPS RANGE

www.heamar.co.uk

Heamar offers a range of professional LED and magnifying lamps from the Daylight Company.

Daylight lamps are characterised by their superior build quality and lenses as well as high light output and robustness. They are all easily adjustable and the light can be positioned exactly where it is needed.

There are models with very large lenses, extra magnification and long reach. All Daylight Lamps have 6,500°K colour balanced, high contrast light enabling you to work in comfort for longer. **All Daylight lamps are covered by a 2 year guarantee.**

iQ Magnifying Lamp

- The Daylight iQ Magnifying Lamp has a large 17.5cm (7") diameter, 3 diopter (1.75X), lightweight acrylic lens, providing the largest field of view, to allow precise inspection of small mechanical and electrical parts.
- High power 6,000°K daylight LEDs give the optimum light for detailed inspection. Heavy duty internal spring arm with side covers allow accurate and consistent positioning. Fitted with removable lens protector for soldering and comes with 12 diopter (4.0X) swing arm.

Omega 5 Magnifying Lamp

- The Daylight Omega 5 is a modern, ergonomically designed magnifying lamp with a large 12.5cm (5") diameter, 3 diopter (1.75X), lightweight acrylic lens and high power LEDs with 2 brightness levels for clear viewing. The internal spring arm allows accurate positioning.
- The Omega 5 comes with two 127cm (5") diameter lenses in 3 diopter (1.75X) and 5 diopter (2.25X). ESD version available.

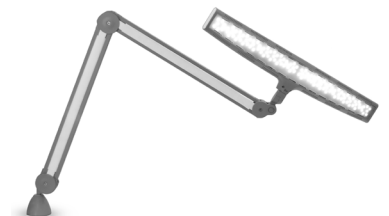

Omega 7 Magnifying Lamp

- The Daylight Omega 7 Magnifying Lamp features a modern, ergonomic design with a large 17.5cm (7") diameter, 3 diopter (1.75X), lightweight acrylic lens and high power LEDs with 2 brightness levels for clear viewing. The internal spring arm allows accurate positioning.
- The Omega 7 has an optional 12.7cm (5") diameter, 5 diopter (2.25X) lens and a 12 diopter (4.0X) swing arm lens is available separately. ESD version available.

Luminos LED Lamp

- Daylight Luminos is a powerful LED lamp providing the ultimate in high light output with an extraordinary wide spread of light that is fully dimmable. Ideal for work on a large table, or with the addition of a floor stand.
- The arm has a long reach of 112cm (44") and can be moved easily with one hand. The shade can be positioned effortlessly, exactly where it is needed. A piece of precision engineering, incorporating the latest high power LED technology that is also robust and long lasting.

Daylight Quadra Magnifying Lamp

The Quadra Magnifier has an extra wide, 3 diopter (1.75 X) rectangular glass lens, providing a superb panoramic view. High power 6,000°K daylight LEDs on both sides of the lens gives shadow-free magnification, or alternatively each side can be independently turned on or off to give 3D viewing. A heavy duty internal spring arm allows for accurate and consistent positioning and an auto power off function saves energy. An optional 12D (4.0 X) swing arm lens and additional 4D (2.0 X)/6D (2.5X) suction lenses are available separately.

Technical Spec:

- Light source: LED
- Lux output at 15cm: 6,800 Lux
- Light colour temperature: 6,000°K
- Energy consumption: 12W
- Product colour: white/light grey
- Product dimensions: 60x25.5x78cm
- Maximum reach: 118cm
- Product weight: 4kg
- Cable length: 2.5m
- Lens size: 20.3cm x 12.7cm
- Magnification: 3 Diopter (1.75 X)
- Lens material: glass
- Wide view glass lens
- Powerful light from the left and right
- Adjustable head joint with wing nut
- Reinforced arm

Daylight Lumi Task Lamp

Ideal to use on any workspace, cutting table, drafting table or desk, the Lumi is a professional workstation lamp that will enable you to see fine details and true colours. The large shade can be smoothly adjusted vertically, horizontally and laterally to any desired position. The dimmable light allows for easy adjustment when less light is required.

Technical Spec:

- Light source: LED
- Lux output at 30cm: 3,800 Lux
- Light colour temperature: 6,000°K
- Product colour: white
- Long reach: 108cm
- 2 step dimmer
- 51 cm wide shade gives even spread of light over large area
- Head joint holds multi-positions allowing to direct the light wherever it is needed.
- Easy position arm with internal springs.
