HOTweezers Thermal Wire Strippers

- HOTweezers state of the art lightweight thermal wire strippers.
- The hand unit is shaped like a pair of cutoff tweezers and weighs less than 57g including cable and connector.
- Fits comfortably in the user's hand for a smooth and natural stripping operation, increasing output and reducing operator fatigue.
- Hermetic sealing of the heater filaments in the high-strength, high-temperature stripping head allows resistance to oxidation of filaments.

MODEL NUMBER	
4A AWG (mm)	4B AWG (mm)
36 (0.15)	28 (0.38)
32 (0.24)	26 (0.48)
30 (0.30)	24 (0.61)
28 (0.38)	22 (0.76)
26 (0.48)	20 (0.97)
24 (0.61)	18 (1.22)

Model 4C has no holes (flat blades)
